Prince-George's county, April 2, 1785. Some very good lands for fale, and time allowed for

payment, if defired.

EVERAL tracks of rich level lime flone land adjoining to each other, and lying within 2 or 3 miles of that healthy and pleasant place Sheppard's-town, in Berkely county, Virginia, on Pa-towmack river: the land is full of locust, black walnut, black oak, hiccory, and poplar; lies partly on Opeccon, the Swan ponds, and Vanmeter's Marsh; the great road to Winchester and Carolina goes through; also the road to the Warm Springs. The tracks all together contain about 1600 acres, but can be conveniently divided; it is about 75 miles to Alexandria, 25 to Frederick-town; the land is very fine for grass, fine tobacco, hemp, wheat, and corn; several small fields and tenements are cleared upon it ready for cropping. There is a good neighbourhood, and every conveniency of rist and saw mills, iron works, and a ready market for every produce; the land lies in the same rich valley with Concocheague, and is every way equal to the best of it, and in a very few years, must greatly increase in value.

Also four small tracts of good land, containing toge her between 7 and 800 acres, lying near the town of Bath, the Warm Springs in Virginia, partly on the Cape Capon river, capable of great improvement by faw and grift mills, and plenty of fine oak and large pine timber, meadow, and arable and tobacco grounds I'he lands lie near and bordering on Patowmack river, and from their fituation and foil must every year grow more valuable.

Also several tracts of land lying near Bennett's creek, Bush creek, and Seneca, in Montgomery county, Maryland, containing all together about 1600 to 2000 aeres; they lie about 30 miles from George town and Rladentburg, 10 to Frederick, about 40 from Baltimore; the foil makes the finest yellow tobacco, and there is a very great and good range for flock of all kinds.

The very great diffress and trouble our country has been engaged in for the last nine years, I have felt most feverely, as well as others, and therefore I have not harraffed by law-fuits those indebted to me; but as we now enjoy the bleffings of peace, a free trade, and a good crop, I earneftly entreat all those any way indebted to me, to contrive me as speedy and as liberal payments as possible, that I may be enabled the more readily, as it is my defire, to perfect my own engagements.
